Fibreglass / GRP Flat Roofing Courses

'The Next Generation of Flat Roofing'

What is GRP?

GRP (Glass Reinforced Plastic) is the technical name for what is commonly known as 'fibreglass'.

Why Use Cure-It GRP for Roofing?

Cure-It GRP is extremely versatile, strong, waterproof, and environmentally friendly, making it the ideal solution for applications such as roofing systems. It offers:

- 20 year materials guarantee
- Fire retardant (BS 476 Part 3 Ext Fab)
- Extremely long lifespan (studies show 50+ years)
- Easy to use, quick to install
- Very durable (will withstand foot traffic as standard)
- Any BS4800 colour with non-slip option
- No seams, joints or welds
- Specially formulated for roofing
- Full support available
- Can be used for almost any application (including commercial applications, balconies, walkways, steps, gutters, ponds, pools)

Supported by G & B

FIBREGLASS / GRP FLAT ROOFING TRAINING COURSE

Fibreglass / GRP Flat Roofing Course

This one day training course covers all the theory and hands-on practical training required to learn how to lay a Cure-It Fibreglass / GRP Roofing System.

What do you need to bring along?

You will get dirty so you should bring working clothes which must include a long sleeved top and suitable long trousers. We have changing room facilities for men and women. All tools and materials relevant to the course will be provided whilst in attendance, but you will be required to wear steel toe capped footwear for the duration of the course for health and safety reasons. These can be purchased from reception on your first morning for £20 if required.

What is included in the One Day Course?

You will learn about health and safety, storage, and handling procedures for the Fibreglass / GRP roofing materials. Material estimation, costing and other commercial considerations will also be covered, as well as:

- * Product Description
- * Safe Working Practices
- * Use of Tools
- * Use of Materials
- * Preparing and Decking a Sample Roof
- * Fixing Edge Trims
- * Laminating
- * Top-coating and Finishing
- * Cleaning Tools and Equipment

A Cure-It Installation DVD and Installation Manual (including installation, handling, storage, and technical information and support) will be available for you to take away with you.

You will be awarded a Builder Training Centre Certificate of Continuous Professional Development on completion of the course.

Where are the courses held?

Station Buildings, Waddon
Station, Epsom Road, Croydon,
Surrey CR0 4UP

Who is the course suitable for?

The course is suitable for men and women with little or no experience of roofing, and for those looking to extend their skills in roofing.

What is the cost?

The cost of the course is £150.00 including VAT.

How do I book onto a course?

Visit our website, www.thebtc.co.uk, and send an application on-line, or call Elaine, Sally or Andy on 020 8649 9340, and book in over the telephone.

What are the course times?

Weekdays: 9.00 am – 4.00 pm

Weekends: 8.30 am – 3.30 pm

What hours is the centre open?

8.00 am until 6.00 pm, 7 days a week
